netuding jewelry, furniture, wood prod-ucts and even works of French art. The most significant part of this exposition is the fact that in connection with it the French plan to distribute literature giving a history of the French occupation a hundred years ago.

FRANCE EAGER TO KEEP U. S. IN LEAGUE

Continued from First Page.

It will present an interesting situation. That the plan of including the League of Nations in the preliminary peace treaty would seem virtually to have been abandoned is indicated by the fact that invitations have been sent to neutrals to attend a private informal conference regarding the league on waterways and railways in favor of the suggested that Mr. Colby make his views public and then an answer would be made, if there are wide points of difference, in the Senate or through the medium of a public statement.

Before enumerating "some of the important questions" in regard to the Erench are making an effort, which probably will be successful, to neutrals to attend a private informal conference regarding the league on waterways and railways in favor of neutrals to attend a private informal scourse a report from the sub-committee on ference regarding the league on March 20. The invitation, which was sent out two days ago, states that the conference earnestly desires the suggestions of the neutrals who cannot officially participate, as the conference is one of beligerents. But this, the invitation stated, does not prevent a Such a step would tend to unify econations.

vitation stated, does not prevent a Such a step would tend to unify ecoprivate informal conference with them.

The conference, which is really an portation.

American suggestion, will be held at the Hotel Crillon, where the neutrals evening says the Labor Commission to-

the decision, which technically, will be the decision of the Council of Ten. The German boundaries, which are now awaiting his final say, doubtless will receive his first attention, to-mor-
